Forestry Internship Available

$ Paid Position $

A private 1800 acre ranch located 20 miles south of Steamboat Springs, Colorado is in search of a summer intern. The intern will survey property forests, create a multi-year action plan to improve forest health and begin implementing the action plan. Approximately half the property is wooded.

The internship runs from the end of May 2024 through the end of August 2024 (Exact dates are negotiable). This is a paid position and housing is provided for the right candidate. Future summer employment possible.
