

Job Opening

Employer: Matt's Healthy Woods & Wildlife

Job Title: Forestry Technician

Job Type: full-time, seasonal (summer 2025)

Start Date: May 2025 or as available

Starting Pay: \$19.50/hr

Location: - based in central Missouri (Columbia area) – multi-day work trips around the state will be required, depending on the location of each project (travel expenses are covered)

Required: - Ability/desire to work all day in sometimes thick forested environments in all weather conditions
- Ability to drive to a local meeting place (typically the crew supervisor's home) or a job site as needed
- Ability to work on sometimes steep and uneven terrain on a daily basis

Preferred: - Working knowledge of tree and shrub identification in the Central Hardwoods
- Education in Forestry or related fields

Job Duties / Types of Projects:

- This position will primarily consist of forest invasive species control, mostly by foliar treatment with backpack sprayers
- Duties may also include:
 - Forest Stand Improvement, both by chainsaw and hack & squirt
 - Timber Sale marking and sale oversight
 - Forest Inventory
