Subject: Job Opening in Story County Extension Office

I wanted to send this job opening to all of you because hopefully you might know of a current student who is graduating that you could pass this on to. It is my position, and the director mentioned he thought someone in horticulture or natural resources might be a good fit here. You can send them to me for questions if you would like. I will be moving into more of a part-time role starting next week until the position is filled. Thank you!
