For anyone looking to gain more experience working in the Environmental Education field, this is a great paying internship opportunity this summer working for City of West Des Moines Parks and Recreation: 
Intern - Naturalist | Job Postings | West Des Moines, IA (iowa.gov)

"Under general direction of the Naturalist, the Intern will coordinate and lead camp participants in a variety of recreational and educational outdoor activities and assist with planning, organizing, and implementing recreational and nature education programs at the Nature Lodge at Raccoon River Park. This internship seeks to develop practical skills in environmental education and interpretation, simulate personal growth and development, and increase the knowledge and interest in natural history, ecology, and conservation of natural resources.
