**Subject:** Visitor Services Internships

There are two visitor services internship available. Below is a summary for both and flyers are attached.

Please pass this information on to anyone you know that may be interested.

The Friends of Neal Smith National Wildlife Refuge is a non-profit that supports the refuge and provides stipends for visitor services internships. A flyer is attached. The stipend is \$15 per hour for a 40 hour work week, with a Tuesday through Saturday schedule. This can be a three to six month position and it can be extended beyond.

The other internship position is through an agreement between the U.S. Fish and Wildlife Service and the Environment for the Americas. I attached the flyer. This is a six month position. The announcement on the website incorrectly states the position is a 18 week internship.

Follow the link below to view announcement on the website:

Thank you.

Sincerely,

Nancy Corona
